<input type="checkbox"/>	<b>Asset Allocation</b>	Determine risk, time horizon, and diversification when evaluating investment strategy.	<a href="https://www.fidelity.com/viewpoints/investing-ideas/guide-to-diversification">https://www.fidelity.com/viewpoints/investing-ideas/guide-to-diversification</a>
<input type="checkbox"/>	<b>Big Picture</b>	Plan now for your retirement. Begin by discussing your situation and financial goals with a financial professional (if needed) to learn how to navigate the retirement preparation tasks below and explore available resources. For a rough number, multiply your estimated annual spending minus other sources of income expected in retirement by 25. That number may be used as a general guideline early in your career.	<a href="https://myguidance.fidelity.com/ftgw/pna/public/lifeevents/content/retirement/overview">https://myguidance.fidelity.com/ftgw/pna/public/lifeevents/content/retirement/overview</a> <a href="https://www.fidelity.com/calculators-tools/planning-guidance-center">https://www.fidelity.com/calculators-tools/planning-guidance-center</a>
<input type="checkbox"/>	<b>Estate Plan</b>	Evaluate the need for a will, trust, health care proxy, and power of attorney. Review beneficiaries on insurance policies, retirement plans, and savings accounts. Create your own one-page plan by writing down all your financial information in one place in case of a sudden loss. Communicate clearly and frequently with your spouse and heirs to ensure a smooth transition of assets.	<a href="https://www.fidelity.com/life-events/estate-planning/basics">https://www.fidelity.com/life-events/estate-planning/basics</a>
<input type="checkbox"/>	<b>Expenses</b>	Reduce gross weight! Eliminate debt where applicable (credit card, college, HELOC, mortgage). Pay off any non-deductible, high-interest debt first, especially if you cannot deduct the interest.	<a href="https://www.fidelity.com/viewpoints/personal-finance/how-to-pay-off-debt">https://www.fidelity.com/viewpoints/personal-finance/how-to-pay-off-debt</a>
<input type="checkbox"/>	<b>Health Care</b>	Evaluate plan options. HSA is available in AA core plan which allows use of tax-free money to pay for medical expenses that aren't covered by insurance, but if you pay those expenses out of pocket and let the money in your HSA grow until you retire, you'll have access to tax-free money to pay for medical expenses that aren't covered by Medicare.	<a href="https://www.investopedia.com/articles/personal-finance/091615/how-use-your-hsa-retirement.asp">https://www.investopedia.com/articles/personal-finance/091615/how-use-your-hsa-retirement.asp</a>
<input type="checkbox"/>	<b>Insurance</b>	Perform a periodic review of life insurance, disability, and long-term care insurance policies.	<a href="https://www.alliedpilots.org/Public-Pages/Public/APA-Benefits">https://www.alliedpilots.org/Public-Pages/Public/APA-Benefits</a>
<input type="checkbox"/>	<b>Savings</b>	Increase savings where able. Know 401(k) contribution limits. Strongly consider whether to select the Roth 401(k) option for your Fidelity 401(k) contributions.	<a href="https://www.fidelity.com/learning-center/personal-finance/retirement/continuous-contributions-compounding">https://www.fidelity.com/learning-center/personal-finance/retirement/continuous-contributions-compounding</a>

<input type="checkbox"/>	<b>Grey Eagles</b>	Consider enrolling in the Grey Eagles as early as age 50.	<a href="https://www.thegreyeagles.org/">https://www.thegreyeagles.org/</a>

<input type="checkbox"/>	<b>Estate Plan</b>	Re-evaluate the need and/or update your will, trust, or estate plan as well as beneficiaries for accounts	<a href="https://www.fidelity.com/life-events/estate-planning/basics">https://www.fidelity.com/life-events/estate-planning/basics</a>
<input type="checkbox"/>	<b>Insurance</b>	Perform a periodic review of life insurance, disability, and long-term care insurance policies.	<a href="https://www.alliedpilots.org/Public-Pages/Public/APA-Benefits">https://www.alliedpilots.org/Public-Pages/Public/APA-Benefits</a>
<input type="checkbox"/>	<b>Savings</b>	Take advantage of catch-up contributions if age 50 or older. Have you maximized opportunities to save more for retirement?	<a href="https://www.fidelity.com/viewpoints/retirement/catch-up-contributions">https://www.fidelity.com/viewpoints/retirement/catch-up-contributions</a>
<b>10 Years Out</b>			
<input type="checkbox"/>	<b>401(k)</b>	The IRS rule of 55 becomes effective. If you are separated from the company, you are allowed access to your 401(k) without penalty after age 55. Also, if you are retiring earlier than 59.5, the 401(k) allows earlier access to a penalty-free withdrawal using the Substantially Equal Periodic Payment (SEPP) exemption, also known as an IRS Section 72(t) distribution.	
<input type="checkbox"/>	<b>Asset Allocation</b>	Determine risk, time horizon, and diversification when evaluating investment strategy.	<a href="https://www.fidelity.com/viewpoints/investing-ideas/guide-to-diversification">https://www.fidelity.com/viewpoints/investing-ideas/guide-to-diversification</a>
<input type="checkbox"/>	<b>Early Retiree</b>	If you elect early retirement, submit written notification to your Flight Office. The company assumes you will work until mandatory retirement at age 65. If you would like to retire early, you must notify management in writing. Ideally, notification should be provided at least one full bid period prior to the date of your effective retirement date. A minimum of two weeks is required to ensure timely payout of unused vacation. Pilots must make their sick bank payout or RHRA election at least 4 months prior to retirement.	<a href="https://newjetnet.aa.com/docs/DOC-11649">https://newjetnet.aa.com/docs/DOC-11649</a>
<input type="checkbox"/>	<b>Estate Plan</b>	Re-evaluate the need and/or update your will, trust, or estate plan as well as beneficiaries for accounts.	<a href="https://www.fidelity.com/life-events/estate-planning/basics">https://www.fidelity.com/life-events/estate-planning/basics</a>
<input type="checkbox"/>	<b>Health Care</b>	To be eligible for access to the AA Retiree Medical Plan, you must be between ages 55 and 65. See the Retiree Benefits Guide for details regarding eligibility, medical options, eligible dependents, covered expenses, and more. If you want to participate in APA's Supplemental Medical & Custodial Care Benefit Plan (SMP), you must enroll prior to your 55th birthday.	<a href="https://my.aa.com/retiree-benefits">https://my.aa.com/retiree-benefits</a>
<input type="checkbox"/>	<b>Plan</b>	Start thinking in detail about when, where, what, and how much—when you want to retire, where you would like to live, and what you want to do. The answers to these questions will help you figure out how much all of it will cost.	<a href="https://myguidance.fidelity.com/ftgw/pna/public/lifeevents/content/retirement/overview">https://myguidance.fidelity.com/ftgw/pna/public/lifeevents/content/retirement/overview</a>

<b>10 Years Out</b>			
<input type="checkbox"/>	<b>Savings</b>	Check to see if you are on glideslope for retirement. How much have you saved, and how much will you likely need to retire? For a rough number, multiply your estimated annual spending minus other sources of income by 25. That number can be used as a baseline retirement savings goal.	<a href="https://www.fidelity.com/calculators-tools/fidelity-retirement-score-tool">https://www.fidelity.com/calculators-tools/fidelity-retirement-score-tool</a>
<input type="checkbox"/>	<b>Social Security</b>	Begin planning your Social Security claiming strategy: Should you wait to claim benefits in order to receive a larger Social Security benefit? How much do you expect to receive monthly from Social Security?	<a href="https://www.ssa.gov/benefits/retirement/estimator.html">https://www.ssa.gov/benefits/retirement/estimator.html</a> <a href="https://www.fidelity.com/viewpoints/retirement/social-security-at-62">https://www.fidelity.com/viewpoints/retirement/social-security-at-62</a>
<b>5 Years Out</b>			
<input type="checkbox"/>	<b>401(k)</b>	At 59.5 it is now possible to do an "in service non-hardship" withdrawal to roll money from the 401(k) to a Rollover IRA (and Roth IRA, if applicable) while employed and without a penalty or taxes. Caution is advised if this is promoted by an advisor deriving his fees from an "Assets Under Management" (AUM) arrangement, as the transferred assets would be subject to the advisor's fee, as well as the underlying fund fees. Be sure to compare the expense ratios you are considering outside the 401(k) versus the low expense ratios within the 401(k). It can make sense if your IRA destination is also low-cost and provides better diversification along with easier self-management.	
<input type="checkbox"/>	<b>Estate Plan</b>	Re-evaluate the need and/or update your will, trust, or estate plan as well as beneficiaries for accounts.	<a href="https://www.fidelity.com/life-events/estate-planning/basics">https://www.fidelity.com/life-events/estate-planning/basics</a>
<input type="checkbox"/>	<b>Real Estate</b>	Do you want to downsize or relocate in retirement?	<a href="https://www.fidelity.com/viewpoints/personal-finance/extra-mortgage-payment">https://www.fidelity.com/viewpoints/personal-finance/extra-mortgage-payment</a>
<input type="checkbox"/>	<b>Withdrawal Strategy</b>	Start thinking about a portfolio withdrawal strategy.	<a href="https://www.bogleheads.org/wiki/Withdrawal_methods">https://www.bogleheads.org/wiki/Withdrawal_methods</a> <a href="https://www.fidelity.com/viewpoints/retirement/tax-savvy-withdrawals">https://www.fidelity.com/viewpoints/retirement/tax-savvy-withdrawals</a>

When you retire, you will have access to the retiree website ([retirees.aa.com](http://retirees.aa.com)) and AAPilots ([aapilots.com](http://aapilots.com)). This access should occur automatically; however, if you experience difficulty, please contact the Team Member Service Center at 844-543-5747. You should be able to use your same sign-in as you had as an active team member.

Upon the death of the retiree, the surviving spouse or other family member should contact Survivor Support at Alight Solutions at 1-888-860-6178 to inform the Company of the pilot's death. Survivor Support Services will create a personalized kit that will be mailed to the beneficiary/spouse. The kit includes information on medical, life insurance and travel privileges, as applicable. Pension information will come separately, if applicable. The APA Benefits Department can be reached at 817-302-2140. The Grey Eagles also provide surviving spouse support at [www.thegreyeagles.org](http://www.thegreyeagles.org).
