NATIONAL AVIATION WEEK

August 19th-25th

On the morning of September 11, 2001,

flight crew members aboard Flights 11, 77, 175, and 93 responded courageously to the unfolding events of that tragic day. We remember these flight crew members every day especially during National Aviation Day and week.

The 9/11 Memorial Museum invite active and retired flight crewmembers as well as Passenger Service members and their guests to visit the Museum for free during regular operating hours from August 19th-25th.

Join us and reserve a free ticket to visit the Memorial here:
